Professional Experience

Mar. 2026 – Today

Tokyo, Japan

AI Research Scientist

National Institute of Informatics

International research stay to investigate “faithful natural language explanations for multimodal claim verification”

Jan. 2025 – Feb. 2026

Dresden, Germany

Postdoctoral Researcher

ScaDS.AI & Dresden University of Technology

Conducting research on “evidence-based text generation with LLMs”, “detection of LLM hallucinations”, and “AI agents for scientific discovery”

Sept. 2020 – Aug. 2024

Munich, Germany

Research Associate

Technical University of Munich

Led the “NLP-KG” project, which used LLMs, retrieval augmented generation (RAG), and a knowledge graph to enhance scientific document search

Co-led the “CreateData4AI” project, which aimed to create an end-to-end pipeline for structured data generation from unstructured text corpora

Co-organized “hackaTUM”, the official hackathon of the Department of Computer Science at the Technical University of Munich

Taught various software engineering and natural language processing courses in addition to supervision of thesis students

Nov. 2019 – Apr. 2020

Ludwigsburg, Germany

Master’s Thesis Intern

MHP Management and IT Consulting

Researching defenses against adversarial attacks on deep neural networks for computer vision in the automotive industry

Oct. 2018 – Mar. 2019

Stuttgart, Germany

Data Science Intern

Mercedes-Benz Group

Responsible for identifying dealer fraud using anomaly detection

Feb. 2018 – Sept. 2018

Karlsruhe, Germany

Student Research Assistant

Karlsruhe Institute of Technology

Responsible for CAD modeling of 3D prints and Wiki database updates

Education

Jan. 2021 – Nov. 2025

Munich, Germany

PhD (Dr. rer. nat.) in Computer Science

Technical University of Munich

Research Areas: Natural Language Processing and Knowledge Graphs

Oct. 2017 – Aug. 2020

Karlsruhe, Germany

Master of Science (M.Sc.) in Information Engineering and Management

Karlsruhe Institute of Technology

Area of Specialization: Machine Learning and Data Science

Oct. 2012 – Sept. 2017

Stuttgart, Germany

Bachelor of Science (B.Sc.) in Information Systems

Universities of Stuttgart & Hohenheim

Area of Specialization: IT in Business Enterprises

Skills & Certifications

Languages	German Native Speaker, Fluent in English
Computer Languages	Python, R, C++, Java, JavaScript, TypeScript
AI/ML Technologies	PyTorch, LangGraph, Model Context Protocol (MCP), LangChain, Hugging Face, NumPy, SciPy, Pandas, scikit-learn, spaCy, NLTK, Gensim, Matplotlib, Seaborn
Other Technologies	FastAPI, SQL, MongoDB, Weaviate, Pinecone, Neo4j, Docker, HTML/CSS, $\LaTeX$, Git, Next.js
Research	Academic research and teaching in the fields of Natural Language Processing, Knowledge Graphs, and Web Application Engineering
Personal	Personable, Strong Work Ethic, Organization, Excellent Communication Skills
Certifications	Professional Scrum Master™ (PSM I)

Fellowships

DAAD IFI Fellowship 2026	International research fellowship funded by the German Academic Exchange Service (DAAD) for highly qualified early-career researchers in AI
AI Grid 2023 – 2025	Travel grants sponsored by the Federal Ministry of Education and Research to strengthen cooperation and synergies between young talents in AI
